

2. DIWALI CELEBRATION – 04/11/2021

Diwali is the festival of lights and to put up beautiful smiles on those little children, the Rotaract club of MIT visited Lakshmi home and Kirubhai old age home celebrated a safe and memorable Diwali with them.

We were welcomed by the children, elders and their caretakers. There were children playing and enjoying the festive mood. We spoke to them and had a wonderful day. The elders were so happy seeing our presence and blessed us. The entire place felt very optimistic. We distributed masks, sanitizers and offered food to them. We had also brought with us some essential groceries for them. When we bid goodbyes to them, they had a charming smile on their faces.

Distributing things to orphanage children of Lakshmi home
